Which Type Fits Your Job?

Electric Forklifts for Indoor Use

Quiet and clean, our electric forklifts are popular in warehouses and enclosed shops. We stock models under \$12,000 that charge fast and run smooth—ideal if you're hunting for cheap forklifts for sale without skimping on quality.

Propane Forklifts (LPG) for Versatility

Need a forklift indoors and out? Our propane forklifts deliver. Economical to run and built to work hard, these models balance price and performance —helping you find a used forklift for sale that fits multiple job sites.

Heavy-Duty & Outdoor Forklifts

Tough terrain? Big loads? We've got you covered. These used forklifts for sale are rugged, reliable, and priced to compete. Great value—great power.

Compact Warehouse Forklifts

Tight aisles? No problem. Browse compact electric and LPG options under \$9,000. You'll find efficient, powerful lifts designed to make quick work of inventory tasks.

About Us

At **Budget Forklifts**, we make it easy to find reliable used forklifts for sale at affordable prices. Located in University Park, IL, we help local businesses save money with clean, inspected forklifts that are ready to work.

Whether you need an electric, propane, or heavy-duty model, our inventory is always changing and always budget-friendly. We focus on value, not upselling – just honest service, fast delivery, and forklifts that get the job done.

Searching for **cheap forklifts for sale** near University Park? You've found the right place. Call or visit today to see how we can help your business lift smarter.

Our Mission

At Budget Forklifts, our mission is to provide high-quality material handling equipment at affordable prices. We believe that every business deserves reliable tools to enhance productivity and efficiency.
